INTRODUCING

FlowKeys

Mechanical keyboard sounds for your Mac. No keyboard needed.

$80 – $300+
Mechanical keyboard

vs.

Free
FlowKeys

TWO SOUNDS INCLUDED

Mechanical
Classic Cherry MX click. The satisfying sound from every coding video.

Soft
Quieter, gentler tap. Perfect for late nights or shared spaces.

SETUP GUIDE

5 minutes. That's all it takes.

1. Go to **github.com/rhalder90/FlowKeys** → click the green **Code** button → **Download ZIP**. Unzip the downloaded file.
2. Make sure Python 3 is installed. Open **Terminal** (`Cmd + Space` , type Terminal) and run `python3 --version` . If not installed, get it from **python.org/downloads**.
3. Open the FlowKeys folder and double-click **install.command**. It handles everything automatically.
4. **Grant Accessibility permission** (one-time). The installer opens System Settings. Click **+** → press `Cmd + Shift + H` → open **FlowKeys** folder → select **FlowKeys.app** → click **Open** → toggle **ON**.

✓ **Done.** Start typing. FlowKeys auto-starts on every login. Nothing to remember.

> **Tip:** You only grant Accessibility permission once. It survives restarts and updates.

KEYBOARD SHORTCUTS

`Cmd + Ctrl + K`	`Cmd + Ctrl + S`
Turn sound on / off	Switch mechanical / soft

UNINSTALL

Open Finder → press `Cmd + Shift + H` → open **FlowKeys** → double-click **uninstall.command**. Done.
