INTRODUCING

FlowKeys

Mechanical keyboard sounds for your Mac. No keyboard needed.

$80 – $300+
Mechanical keyboard

vs.

Free
FlowKeys

TWO SOUNDS INCLUDED

Mechanical
Classic Cherry MX click. The satisfying sound from every coding video.

Soft
Quieter, gentler tap. Perfect for late nights or shared spaces.

SETUP GUIDE

One command. That's all it takes.

1. Open **Terminal** (`Cmd + Space` , type Terminal, press Enter).
2. Paste this command and press Enter:
   `/bin/bash -c "$(curl -fsSL https://raw.githubusercontent.com/rhalder90/FlowKeys/main/install-remote.sh)"`
3. **Grant Accessibility permission** (one-time). The installer opens System Settings and shows the correct path. Click **+** → press `Cmd + Shift + G` → type the **path shown by the installer** → press Enter → click **Open** → toggle **ON**. Also add **Terminal** (Applications → Utilities → Terminal).
4. ✓ **Done.** Start typing. FlowKeys auto-starts on every login. Nothing to remember.

> **Tip:** You only grant Accessibility permission once. If it stops working after a Python update, run: `python3 ~/FlowKeys/main.py --fix-permissions`

KEYBOARD SHORTCUTS

`Cmd + Ctrl + K`	`Cmd + Ctrl + S`
Turn sound on / off	Switch mechanical / soft

UNINSTALL

Open Terminal and paste:

`/bin/bash -c "$(curl -fsSL https://raw.githubusercontent.com/rhalder90/FlowKeys/main/uninstall-remote.sh)"`
